INDIAN INSURANCE YEAR BOOK, 1937.

Report by the Assistant Actuary to the Government of India on the Returns due for submission in 1937 under the provisions of the Indian Life Assurance Companies Act of 1912 and the Indian Insurance Companies Act of 1928.

The number of companies which are subject to the provisions of the Indian Life Assurance Companies Act of 1912 and the Indian Insurance Companies Act of 1928 is 379 of which 232 companies are constituted in India and 147 companies are constituted outside India. Of the 232 Indian companies, 69 are established in the Bombay Presidency, 50 in Bengal, 41 in the Madras Presidency, 30 in the Punjab, 3 in Sind, 10 in Delhi, 12 in United Provinces, 4 in Bihar, 5 in Central Provinces, 3 in Ajmer-Merwara, 2 each in Burma and Assam and one in North-West Frontier Province. Of the 147 non-Indian companies, 70 are constituted in the United Kingdom, 30 in the British Dominions and Colonies, 17 in the Continent of Europe, 16 in the United States of America, 9 in Japan and 5 in Java.

2. Most of the Indian companies carry on life assurance business only. They are 185 in number and of the remaining 47 Indian companies, 28 carry on life business along with other insurance business and 19 carry on insurance business other than life. Besides the Indian Life Offices, there are some pension funds, mostly connected with Government services, which are exempt from the operation of the 1912 Act and this publication contains no particulars relating to them. The Indian Post Office Insurance Fund is also exempt from the operation of that Act. Particulars relating to its business are stated in a separate paragraph and have not been included in any of the statistical information given in this Report in respect of the Indian Life Offices.

3. As regards non-Indian companies, most of them carry on insurance business other than life. Out of the total number of 147 non-Indian companies, 122 carry on insurance business other than life, 12 carry on life business only and 13 carry on life business along with other insurance business. Of the latter 25 companies, 16 are constituted in the United Kingdom, 7 in the British Dominions and Colonies and 1 each in Germany and Switzerland.

The lists of Indian and non-Indian companies published on pages 17—38 show the class or classes of insurance business transacted by each company in India.

New Life Assurance Companies.

4. Since the publication of the last Year Book, 4 Indian companies have been established with the object of transacting life assurance business and 2 have commenced life assurance business under the Indian Life Assurance

Companies Act. Of these companies, 2 are established in the Bombay Presidency, 2 in Bengal, and 1 each in Madras and the Punjab. During the last five years, the number of new life assurance companies formed in India is approximately 90. As against these new companies, 21 companies went into liquidation during the same period of which over a half were established in Sind and came to grief mainly on account of the unsound business they were transacting on the dividing plan.

The table on pages 123—131 shows the paid-up capital of the Indian proprietary companies which transact life assurance business only and the rates of dividend declared by them during the last 10 years out of profits ascertained by actuarial valuations.

Dividing Insurance Business.

5. Some Indian companies transact life assurance business on the dividing plan under which the sum assured is not fixed but depends on the division of a portion of each year's premium income amongst the claims arising in that year. The defects of dividing insurance business have been explained at length in the previous issues of the Year Book and hardly need repetition. Most of the companies which transacted dividing insurance business realised that they could not continue this business for a long time. It is very satisfactory to note that this class of dividing business as well as the other on the call system has been prohibited under the new Insurance Act, 1938. It is accordingly highly essential that those companies which still transact this class of business should stop it forthwith and consult actuaries with a view to converting their existing business into ordinary life assurance business on sound principles.

Particulars relating to dividing insurance business of Indian companies are given on pages 54 and 215.

Life Assurance and Annuity Business.

6. The total new life assurance business (excluding business on the dividing plan) effected in India during the year 1936 amounted to 273 thousand policies assuring a sum of 46¾ crores and yielding a premium income of 241 lakhs of which the new business done by Indian companies amounted to 239 thousand policies assuring a sum of 36 crores and having a premium income of 184 lakhs. The share of the British companies in respect of new sums assured is 4½ crores, of the Dominion and Colonial companies 5⅛ crores, of the single German company 1 crore and of the single Swiss company ⅛ crore. The average sum assured under the new policies issued by Indian companies is Rs. 1,504 and under those issued by non-Indian companies Rs. 3,148.

7. The total life assurance business effected in India and remaining in force at the end of 1936 amounted to 1,261 thousand policies assuring a total sum of 261 crores including reversionary bonus additions and having a premium income of 13 crores. Of this the share of Indian companies is represented by 989 thousand policies assuring a sum of 168 crores and having a premium income of 7⅞ crores.

8. The total new annuity business effected during the year 1936 was for the amount of 14½ lakhs per annum of which the share of Indian companies was Rupees 30 thousand per annum. The total annuity business remaining in force at the end of that year was for the amount of 86 lakhs per annum, of which the amount payable by Indian companies was 1¾ lakh per annum.

Particulars relating to new business of 1936 and total business in force at the end of that year in respect of each Indian and non-Indian company are given on pages 39—61.

Indian Life Offices.

9. The total number of Indian Life Offices which are subject to the Indian Life Assurance Companies Act is 213 of which 178 are proprietary and 35 mutual. The following list shows the Indian Life Offices in existence in the different provinces of India arranged according to the year in which they were founded. The names of mutual companies are printed in *italics*.

Year of establishment.	Madras Presidency.	Bombay Presidency.	Bengal.	Punjab	Other Provinces.

1938	..	Great India ..	..	Foresight ..	..

The list shows that of the 35 mutual companies, 16 were established before the Act of 1912 was passed and 19 have been established since then. Of the 178 proprietary companies, 17 were established before 1913 and 161 have been established since then.

10. Some Indian Life Offices have extended their operations outside India, mostly in British East Africa, Ceylon and Straits Settlements. The total new sums assured by these Offices outside India in 1936 amounted to $1\frac{4}{5}$ crore yielding a premium income of 11 lakhs and the total sums assured including reversionary bonus additions remaining in force at the end of 1936 amounted to 7 crores having a premium income of $36\frac{1}{2}$ lakhs.

11. The total new sums assured by Indian Life Offices in 1936 amounted to nearly $38\frac{8}{9}$ crores and exceeded the previous year's figure by five crores. The following table shows the new business effected since 1927 in each year and the total business remaining in force at the end of the year :—

Year.	New business written during the year.	Total business remaining in force at the end of the year.
1927 ..	Rs. 12,77 Lakhs	Rs. 60 Crores.
1928 ..	„ 15,41 „	„ 71 „
1929 ..	„ 17,29 „	„ 82 „
1930 ..	„ 16,50 „	„ 89 „
1931 ..	„ 17,76 „	„ 98 „
1932 ..	„ 19,66 „	„ 106 „
1933 ..	„ 24,83 „	„ 119 „
1934 ..	„ 28,02 „	„ 137 „
1935 ..	„ 32,81 „	„ 152 „
1936 ..	„ 37,80 „	„ 175 „

12. The total deposit made by Indian Life Offices with the Reserve Bank of India, Calcutta, under section 4 (1) of the Indian Life Assurance Companies Act, 1912, up to the 31st December 1937 amounted to Government securities of the face value of Rs. 1,94,77,000 as against securities of the face value of Rs. 1,73,88,000 in deposit on the 31st December 1936. A statement showing the amount of deposits due and made up to the 31st December 1937 by Indian Life Offices under the above section is published on pages 239—259.

13. The total life assurance income of the Indian companies exceeded the preceding year's income by over two crores. The income during each of the last ten years was as follows :—

Rs. 4,29 lakhs in the year 1927.

Rs. 4,23 „ „ „ „ 1928.

Rs. 4,92 „ „ „ „ 1929.

Rs. 5,40 „ „ „ „ 1930.

Rs. 5,87 „ „ „ „ 1931.

Rs. 6,88 „ „ „ „ 1932.

Rs. 8,15 „ „ „ „ 1933.

Rs. 8,34 „ „ „ „ 1934.

Rs. 9,33 „ „ „ „ 1935.

Rs. 11,35 „ „ „ „ 1936.

The income during the year 1936 consisted of Rs. 844 lakhs under Premiums, Rs. 173 lakhs under interest and Rs. 118 lakhs under other receipts.

14. The life assurance revenue accounts of the Indian companies for each of being given in

Year.	Number of companies included.	Income.			Out

* The column was introduced in 1932. Previous figures in respect thereof are included in those given under the preceding heading.

16. The life assurance funds increased by 4⅞ crores during 1936 and amounted to 40¼ crores at the end of that year. The average rate of interest earned on the life funds during the year after deduction of income-tax at the source, was 4⅜ per cent.

The net rates of interest realised by the Indian Life Offices in each of the past five years are as follows :—

Year.	*1932.*	*1933.*	*1934.*	*1935.*	*1936.*
Rate of interest.	5·38	5·17	5·08	4·93	4·69

Summaries of revenue accounts of Indian Life Offices for the last 5 years are published on pages 64—121.

17. There were 165 Life Offices which submitted their accounts and business returns for the year 1936 under the provisions of the Indian Life Assurance Companies Act. The present issue of the Year Book contains the results of the latest valuations of 91 of these Life Offices majority of which have undergone more than one valuation. Of the remaining 74 Life Offices with the exception of about half a dozen Life Offices whose business is not susceptible of an actuarial valuation and several others which are undergoing valuations at present, all others have not yet reached the stage of having a valuation. The results of these valuations show that the Life Offices concerned had in the aggregate 876 thousand policies in force on the valuation dates assuring a sum of Rs. 152 crores including bonus additions and an annuity of Rs. 2½ lakhs. The life assurance funds of these Life Offices amounted to Rs. 37½ crores and they received an annual premium of Rs. 7½ crores. The valuations disclosed a surplus in the case of 72 companies and deficit in the case of 19 companies. The total surplus of these 72 companies amounted to 411 lakhs of which 365 lakhs was allocated to the policy-holders and 30 lakhs to the share-holders and the balance was either set aside as an additional reserve or was carried forward unappropriated. The deficit in the case of the 19 companies amounted to Rs. 6¾ lakhs. Of these, the deficit in the case of 17 companies was covered by the paid-up capital, thus proving solvency but precluding the payment of either bonus or dividend. In the case of remaining 2 companies, the deficit was not covered by available assets and these companies are taking steps to transfer their business to other Life Offices.

18. The valuation reports of the following 36 companies have been received since the issue of the last Year Book :—

Companies whose valuations disclosed a divisible surplus.

Andhra.	India Equitable.
Aryasthan.	Oriental.
Asiatic.	Postal and R.M.S.
Bombay Co-operative.	Premier Insurance and Building.
Bombay Life.	South India Co-operative.
Champion General.	Sunlight.
Commercial.	Tinnevelly.
Empire of India.	United India.
General.	Venus
Genuine.	Zenith.

Companies whose valuations disclosed a surplus which has been carried forward.

All India Security.	Navabharat.
Hindu Mutual.	Star of India.
Indo-Union.	Unique.

Companies whose valuations disclosed deficits which are covered by paid-up capital.

Agarwal.	Modern India.
Forward.	Prabhat.
Krishna.	Radical.
Modern.	Servants of India.

Companies whose valuations disclosed deficits not covered by paid-up capital.

Central Mutual Life.	Taj.

(These offices propose to transfer their business to other life offices.)

Summaries of the latest valuation statements of Indian Life Offices are published on pages 133—154.

Post Office Insurance Fund.

19. This Fund was instituted by the Government of India in 1883 for the benefit of the postal employees but gradually admission to it has been thrown open to almost all classes of Government servants who are employed on civil duties.

The following are some of the important particulars relating to the business of the Fund during the three years 1935, 1936 and 1937 :—

Year ending 31st March.	New business effected during the year.			Total business remaining in force at the end of the year.		Total income.	Life assurance fund at the end of the year.
	Number of policies.	Total sums assured.	Total new premium income.	Number of policies.	Total sums assured and bonuses.		
1935 ..	4,835	1,03,65,000	4,93,000	89,522	17,88,56,000	92,83,000	6,40,92,000
1936 ..	5,489	1,19,08,000	5,74,000	92,098	18,56,84,000	97,32,000	6,92,79,000
1937 ..	5,438	1,15,70,000	5,71,000	94,588	19,56,73,000	1,02,09,000	7,45,34,000

The last valuation of the Fund was made as at 31st March 1932. It disclosed a surplus of Rs. 74 lakhs of which Rs. 47½ lakhs was allocated to the policy holders for payment of reversionary bonus at the rate of 1½ per cent. per annum in the case of whole life as well as endowment assurances. The fund is undergoing a valuation as at 31st March 1937 and it is expected that the results of this valuation will be out shortly.

Summaries of revenue accounts of the Fund for the last five years are published on pages 104-105.

20. Opportunity has been taken to include in this issue certain particulars of life assurance business and insurance business other than life assurance and summaries of revenue accounts and general balance-sheets of Indian companies for the year 1937 received mostly till the end of May 1938. Of these, summaries of revenue accounts are published on pages 63—121, of general balance-sheets on pages 219—238, and particulars of insurance business—life assurance and insurance business other than life—on pages 203—218.

Fire, Marine and Miscellaneous Insurance Business

21. The net Indian premium income of all companies under insurance business other than life assurance during 1936 was 2¾ crores of which the Indian companies' share was 74 lakhs and that of the non-Indian companies 2 crores. The total amount is composed of—

137 lakhs from fire,
52 lakhs from marine and
85 lakhs from miscellaneous insurance business.

The Indian companies received—

36 lakhs from fire,

11 lakhs from marine, and

27 lakhs from miscellaneous insurance business.

The non-Indian companies received—

101 lakhs from fire,

41 lakhs from marine, and

58 lakhs from miscellaneous insurance business.

The distribution of this income amongst companies constituted in different countries is shown in the following table :—

Companies constituted in	Fire.	Marine.	Miscellaneous.	Total.
		(In thousands of rupees).		
United Kingdom	69,82	14,15	50,08	1,34,05
Dominions and Colonies	16,05	22,42	6,72	45,19
United States of America	8,05	2,70	7	10,82
Continent of Europe	6,33	1,41	48	8,22
Japan	71	63	20	1,54
Java	34	27	4	65
Total ..	1,01,30	41,58	57,59	2,00,47

From the net figures given above it is not possible to form a correct estimate of the total business effected in India as a considerable portion of Indian business of both Indian and non-Indian companies is re-insured outside India.

22. The Indian companies which transact a substantial amount of fire or marine insurance business also operate outside India. These companies had a net premium income of 70 lakhs in 1936 from business outside India.

Particulars of fire, marine and miscellaneous insurance business of Indian and non-Indian companies are given on pages 163—171.

Assets of Indian Companies.

23. The following is a summary of the assets of Indian Companies :—

	Rs.
Mortgages on property	1,95 lakhs.
Loans on policies within their surrender values ..	4,40 „
Loans on stocks and shares, etc.	14 „
Indian Government Securities	25,84 „
Securities of Indian States	33 „
British, Colonial and Foreign Government Securities	43 „
Municipal, Port and Improvement Trust Securities, etc.	4,93 „
Shares in Indian companies	3,40 „
Land and house property	2,96 „
Agent's balances, outstanding premiums, outstanding and accrued interest, etc.	2,32 „
Deposit, cash and stamps	2,19 „
Miscellaneous	1,32 „
Rs. ..	50,21 „

It will be seen that the bulk of the investments are in stock exchange securities which constitute about 70% of the total assets and amount to Rs. 34¼ crores after allowing for an investment fluctuation fund of Rs. 76 lakhs provided for in the balance-sheets.

Summary of balance-sheets of Indian companies as at the end of the year 1936 is published on pages 173—201.

Indian Assets of non-Indian Companies.

24. The total assets in India of non-Indian companies amount to 49 crores. The bulk of this amount—38 crores—represents the Indian assets of companies constituted in the United Kingdom and 10 crores those of companies constituted in the Dominions and Colonies. The Indian assets of the American companies amount to 2 lakhs, those of the Continental companies to 27 lakhs, of the Japanese to 7 lakhs and of the Javanese to 1 thousand only. Out of this total amount of 49 crores, 44 crores represent Indian assets of companies which carry on life assurance business in India either solely or along with other insurance business. The Indian assets of these companies are shown on page 60. The Indian assets of other non-Indian companies are shown on pages 165—171.

Provident Insurance Societies.

25. In addition to the insurance companies which are subject to the provisions of the two Acts of 1912 and 1928, there are 554 societies which are registered under the Provident Insurance Societies Act, 1912 and transact mostly dividing insurance business. The remarks under the paragraph 'Dividing Insurance Business' are applicable to these societies also.

Very few of the existing provident societies are survivors of those which a quarter of a century ago numbered about 1,200. When the Provident Societies Act of 1912 was passed, the majority of these societies ceased to exist. Of the existing 554 societies, 290 are established in Bengal, 47 in the Bombay Presidency, 60 in the Madras Presidency, 82 in the Punjab and 26 in Sind, and the remaining societies are scattered over the other provinces of India.

A. RAJAGOPALAN,

Assistant Actuary to the Government of India.

SIMLA;

The 15th June, 1938.

LIST OF INDIAN INSURANCE COMPANIES.

N.B.—Names of companies which do not transact *life assurance* business are printed in *italics*.

16. Statement showing the amount of deposits due and made up to the 31st December 1938 by Indian Life Offices under section 4 (1) of the Indian Life Assurance Companies Act, 1912	245—254

Foreword.

The present publication follows the same general lines as its immediate predecessors. Whilst it is realised that the arrangement and contents of the statistical tables could be revised with advantage in certain respects, it has been thought desirable to retain the old form with which the public is familiar until returns are being rendered in accordance with the more detailed requirements of the Insurance Act, 1938.

INDIAN INSURANCE YEAR BOOK, 1938.

Report by the Superintendent of Insurance on the Returns due for submission in 1938 under the provisions of the Indian Life Assurance Companies Act of 1912 and the Indian Insurance Companies Act of 1928.

The number of companies which are subject to the provisions of the Indian Life Assurance Companies Act of 1912 and the Indian Insurance Companies Act of 1928 is 368 of which 219 companies are constituted in India and 149 companies are constituted outside India. Of the 219 Indian companies, 67 are established in the Bombay Presidency, 49 in Bengal, 40 in the Madras Presidency, 25 in the Punjab, 2 in Sind, 10 in Delhi, 10 in United Provinces, 4 in Bihar, 5 in Central Provinces, 2 in Ajmer-Merwara, 2 each in Burma and Assam and one in North-West Frontier Province. Of the 149 non-Indian companies, 72 are constituted in the United Kingdom, 30 in the British Dominions and Colonies, 17 in the Continent of Europe, 16 in the United States of America, 9 in Japan and 5 in Java.

2. Most of the Indian companies carry on life assurance business only. They are 169 in number and of the remaining 50 Indian companies, 31 carry on life business along with other insurance business and 19 carry on insurance business other than life. Besides the Indian Life Offices, there are some pension funds, mostly connected with Government services, which are exempt from the operation of the 1912 Act and this publication contains no particulars relating to them. The Indian Post Office Insurance Fund is also exempt from the operation of that Act. Particulars relating to its business are stated in a separate paragraph and have not been included in any of the statistical information given in this Report in respect of the Indian Life Offices.

3. As regards non-Indian companies, most of them carry on insurance business other than life. Out of the total number of 149 non-Indian companies, 123 carry on insurance business other than life, 12 carry on life business only and 14 carry on life business along with other insurance business. Of the latter 26 companies, 17 are constituted in the United Kingdom, 7 in the British Dominions and Colonies and 1 each in Germany and Switzerland.

The lists of Indian and non-Indian companies published on pages 17-38 show the class or classes of insurance business transacted by each company in India.

New Life Assurance Companies.

4. Since the publication of the last Year Book, 2 Indian companies have been established with the object of transacting life assurance business. Of these companies, 1 is established in Bengal and the other in Delhi.

The table on pages 127-135 shows the paid-up capital of the Indian proprietary companies which transact life assurance business only and the rates of dividend declared by them during the last 10 years out of profits ascertained by actuarial valuations.

Dividing Insurance Business.

5. Some Indian companies transact life assurance business on the dividing plan under which the sum assured is not fixed but depends on the division of a portion of each year's premium income amongst the claims arising in that year. The defects of dividing insurance business have been explained at length in the previous issues of the Year Book and hardly need repetition. Most of the companies which transacted dividing insurance business realised that they could not continue this business for a long time. It is very satisfactory to note that this class of dividing business as well as the other on the call system has been prohibited under the new Insurance Act, 1938. It is accordingly highly essential that those companies which still transact this class of business should stop it forthwith and consult actuaries with a view to converting their existing business into ordinary life assurance business on sound principles.

Particulars relating to dividing insurance business of Indian companies are given on pages 57-58 & 223.

Life Assurance and Annuity Business.

6. The total new life assurance business (excluding business on the dividing plan) effected in India during the year 1937 amounted to 294 thousand policies assuring a sum of 48⅔ crores and yielding a premium income of 253 lakhs of which the new business done by Indian companies amounted to 263 thousand policies assuring a sum of 39 crores and having a premium income of 202 lakhs. The share of the British companies in respect of new sums assured is 4⅔ crores, of the Dominion and Colonial companies 4⅓ crores, of the single German company ½ crore and of the single Swiss company ⅙ crore. The average sum assured under the new policies issued by Indian companies is Rs. 1,485 and under those issued by non-Indian companies Rs. 3,089.

7. The total life assurance business effected in India and remaining in force at the end of 1937 amounted to 1,371 thousand policies assuring a total sum of 277 crores including reversionary bonus additions and having a premium income of 14⅕ crores. Of this the share of Indian companies is represented by 1,099 thousand policies assuring a sum of 184 crores and having a premium income of nearly 9 crores.

8. The total new annuity business effected during the year 1937 was for the amount of 2⅔ lakhs per annum of which the share of Indian companies was Rupees 23 thousand per annum. The total annuity business remaining

in force at the end of that year was for the amount of $12\frac{2}{5}$ lakhs per annum, of which the amount payable by Indian companies was $1\frac{9}{10}$ lakhs per annum.

Particulars relating to new business of 1937 and total business in force at the end of that year in respect of each Indian and non-Indian company are given on pages 39-65.

Indian Life Offices.

9. The total number of Indian Life Offices which are subject to the Indian Life Assurance Companies Act is 200 of which 166 are proprietary and 34 mutual. The following list shows the Indian Life Offices in existence in the different provinces of India arranged according to the year in which they were founded. The names of mutual companies are printed in *italics*.

1939	..	..	*Snowpeak.*	..	Sushil (Delhi.)

The list shows that of the 34 mutual companies, 16 were established before the Act of 1912 was passed and 18 have been established since then. Of the 166 proprietary companies, 17 were established before 1913 and 149 have been established since then.

10. Some Indian Life Offices have extended their operations outside India, mostly in British East Africa, Ceylon, Federated Malay States and Straits Settlements. The total new sums assured by these Offices outside India in 1937 amounted to $2\frac{2}{3}$ crores yielding a premium income of $15\frac{1}{2}$ lakhs and the total sums assured including reversionary bonus additions remaining in force at the end of 1937 amounted to $12\frac{1}{2}$ crores having a premium income of $63\frac{1}{2}$ lakhs.

11. The total new sums assured by Indian Life Offices in 1937 amounted to nearly Rupees 42 crores, the total sum assured in force at the end of the year to Rupees 197 crores and the total revenue income to Rs. 12 crores. The following table shows the new business effected, the total business remaining in force and the income during each of the last ten years :—

Year.	New business written during the year.	Total business remaining in force at the end of the year.	Income during the year.
1928 ..	Rs. 15,41 Lakhs	Rs. 71 Crores.	Rs. 4,23 Lakhs
1929 ..	,, 17,29 ,,	,, 82 ,,	,, 4,92 ,,

* The column was introduced in 1932. Previous figures in respect thereof are included in those given under the preceding heading.

Statistics for years prior to 1928 may be found in the Indian Insurance Year Book, 1937.

14. The life assurance funds increased by $4\frac{17}{20}$ crores during 1937 and amounted to 45 crores at the end of that year. The average rate of interest earned on the life funds during the year after deduction of income-tax at the source, was $4\frac{3}{4}$ per cent.

The net rates of interest realised by the Indian Life Offices in each of the past five years are as follows :—

Year.	*1933.*	*1934.*	*1935.*	*1936.*	*1937.*
Rate of interest.	5·17	5·08	4·93	4·69	4·76

Summaries of revenue accounts of Indian Life Offices for the last 5 years are published on pages 67-125.

15. There were 180 Life Offices which ubmitted their accounts and business returns for the year 1937 under the provisions of the Indian Life Assurance Companies Act. The present issue of the Year Book contains the results of the latest valuations of 103 of these Life Offices majority of which have undergone more than one valuation. Of the remaining 77 Life Offices with the exception of about half a dozen Life Offices whose business is not susceptible of an actuarial valuation and several others which are undergoing valuations at present all others have not yet reached the stage of having a valuation. The results of these valuations show that the Life Offices concerned had in the aggregate 1,009 thousand policies in force on the valuation dates assuring a sum of Rs. 172 crores including bonus additions and an annuity of Rs. $2\frac{1}{2}$ lakhs. The life assurance funds of these Life Offices amounted to Rs. 39 crores and they received an annual premium of Rs. $8\frac{1}{2}$ crores. The valuations disclosed a surplus in the case of 82 companies and deficit in the case of 21 companies. The total surplus of these 82 companies amounted to 461 lakhs of which 414 lakhs was allocated to the policy-holders and 30 lakhs to the share-holders and the balance was either set aside as an additional reserve or was carried forward unappropriated. The deficit in the case of the 21 companies amounted to Rs. $10\frac{1}{2}$ lakhs. Of these, the deficit in the case of 17 companies was covered by the available paid-up capital, thus proving solvency but precluding the payment of either bonus or dividend. In the case of remaining 4 companies, the deficit was not covered by available assets and these companies are taking steps to transfer their business to other Life Offices.

16. The valuation reports of the following 36 companies have been received since the issue of the last Year Book :—

Companies whose valuations disclosed a divisible surplus.

Argus.	Indian Mercantile.
Aryan.	Industrial and Prudential.
B. B. & C. I. Rly. Zoros.	Jupiter.
Behar United.	Long Life.
Bombay Mutual.	Mangalore Roman Catholic.
Calcutta Insurance.	New Asiatic.
Canara Mutual.	People's Insurance.
Commonwealth.	Reliance.
Depositors Benefit.	Star of India Industrial.
East and West.	Sterling
Hindusthan Co-operative.	Swadeshi Bima.
Indian Life.	Tropical.

Companies whose valuations disclosed a surplus which has been carried forward.

Ashok.	Vijaya Lakshmi.

Companies whose valuations disclosed deficits which are covered by paid-up capital.

Crescent.	Himalaya.
Federal India.	Prabartak.
Great Asoka.	Young India.

Companies whose valuations disclosed deficits not covered by paid-up capital.

Dominion.	Tarun.
*Eastern National.	United Assurance.

Summaries of the latest valuation statements of Indian Life Offices are published on pages 137-162.

17. The following is the list of Indian Insurance companies the transfer of whose business to other companies has been sanctioned by the court since the passing of the Insurance Act, 1938.

Name of the transferor company.	Name of the transferee Company.
United National Insurance Co., Ltd., New Delhi.	Sterling Insurance Co., Ltd., New Delhi.
Good Luck Insurance Co., Ltd., Lahore ..	Free India General Insurance Co., Ltd., Cawnpore.
Central Mutual Life Assurance Society Ltd., Bombay.	Prabhat Insurance Co., Ltd., Bombay.
Taj Insurance Co., Ltd., Lahore ..	Star of India Insurance Co. Ltd., Lahore.
Modern India Life Assurance Co., Ltd., Calcutta.	Aryya Insurance Co., Ltd., Calcutta.
Indo Asiatic Insurance Co., Ltd., Ajmer ..	Free India General Insurance Co., Ltd., Cawnpore.
Equity Insurance Co., Ltd., Lucknow ..	All India United Assurance Co., Ltd., Lucknow.

*The deficit has since been covered by the paid up capital raised by the company.

18. The total deposit made by Indian Life Offices with the Reserve Bank of India, Calcutta, under section 4 (1) of the Indian Life Assurance Companies Act, 1912, up to the 31st December 1938 amounted to Government securities of the face value of Rs. 2,11,34,000 as against securities of the face value of Rs. 1,94,77,000 in deposit on the 31st December 1937. A statement showing the amount of deposits due and made up to the 31st December 1938 by Indian Life Offices under the above section is published on pages 245-254.

19. Opportunity has been taken to include in this issue certain particulars of life assurance business and insurance business other than life assurance and summaries of revenue accounts and general balance-sheets of Indian companies for the year 1938 received mostly till the 15th May 1939. Of these, summaries of revenue accounts are published on pages 67-125, of general balance-sheets on pages 227-243, and particulars of insurance business—life assurance and insurance business other than life—on pages 213-226.

Post Office Insurance Fund.

20. This Fund was instituted by the Government of India in 1883 for the benefit of the postal employees but gradually admission to it has been thrown open to almost all classes of Government servants who are employed on civil duties.

The following are some of the important particulars relating to the business of the Fund during the three years 1936, 1937 and 1938 :—

Year ending 31st March.	New business effected during the year.			Total business remaining in force at the end of the year.		Total income.	Life assurance fund at the end of the year.
	Number of policies.	Total sums assured.	Total new premium income.	Number of policies.	Total sums assured and bonuses.		
1936 ..	5,489	1,19,08,000	5,74,000	92,098	18,56,84,000	97,32,000	6,92,79,000
1937 ..	5,438	1,15,70,000	5,71,000	94,588	19,56,73,000	1,02,09,000	7,45,34,000
1938 ..	4,294	89,48,000	4,17,000	95,877	19,89,87,000	1,06,09,000	8,90,69,000

The last valuation of the Fund was made as at 31st March 1937. It disclosed a surplus of Rs. 1,13 lakhs of which Rs. 63½ lakhs was allocated to the policy holders for payment of reversionary bonus at the rate of $1\frac{1}{6}$ per cent. per annum in the case of whole life as well as endowment assurances.

Summaries of revenue accounts of the Fund for the last five years are published on pages 108-109.

Fire, Marine and Miscellaneous Insurance Business

21. The net Indian premium income of all companies under insurance business other than life assurance during 1937 was 2,98 lakhs of which the Indian companies' share was 96 lakhs and that of the non-Indian companies 2 02 lakhs. The total amount is composed of—

145 lakhs from fire,
62 lakhs from marine, and
91 lakhs from miscellaneous insurance business.

The Indian companies received—

47 lakhs from fire,
16 lakhs from marine, and
33 lakhs from miscellaneous insurance business

The non-Indian companies received—

98 lakhs from fire,
46 lakhs from marine, and
58 lakhs from miscellaneous insurance business.

The distribution of this income amongst companies constituted in different countries is shown in the following table :—

Companies constituted in	Fire.	Marine.	Miscella-neous.	Total.
		(In thousands of rupees.)		
United Kingdom	68,67	19,98	49,97	1,38,62
Dominions and Colonies	15,30	21,35	6,59	43,24
United States of America	6,87	2,62	..	9,49
Continent of Europe	6,21	1,66	67	8,54
Japan	59	65	19	1,43
Java	22	27	..	49
Total ..	97,86	46,53	57,42	2,01,81

From the net figures given above it is not possible to form a correct estimate of the total business effected in India as a considerable portion of Indian business of both Indian and non-Indian companies is re-insured outside India.

22. The Indian companies which transact a substantial amount of fire or marine insurance business also operate outside India. These companies had a net premium income of 1,08 lakhs in 1937 from business outside India.

Particulars of fire, marine and miscellaneous insurance business of Indian and non-Indian companies are given on pages 171-180.

Assets of Indian Companies.

23. The following is a summary of the assets of Indian Companies :—

	Rs.
Mortgages on property	2,10 lakhs.
Loans on policies within their surrender values ..	4,79 ,,
Loans on stocks and shares, etc.	18 ,,
Indian Government Securities	28,23 ,,
Securities of Indian States	57 ,,
British, Colonial and Foreign Government Securities .	61 ,,
Municipal, Port and Improvement Trust Securities, etc.	5,25 ,,
Shares in Indian companies	4,10 ,,
Land and house property	3,28 ,,
Agent's balances, outstanding premiums, outstanding and accrued interest, etc.	2,48 ,,
Deposit, cash and stamps..	2,20 ,,
Miscellaneous	1,65 ,,
Rs. ..	55,53 ,,

It will be seen that the bulk of the investments are in stock exchange securities which constitute about 70% of the total assets and amount to Rs. 38 crores after allowing for an investment fluctuation fund of Rs. 73 lakhs provided for in the balance-sheets.

Summary of balance-sheets of Indian companies as at the end of the year 1937 is published on pages 181-212.

Indian Assets of non-Indian Companies.

24. The total assets in India of non-Indian companies amount to 49 crores. The bulk of this amount—37 crores—represents the Indian assets of companies constituted in the United Kingdom and 11 crores those of companies constituted in the Dominions and Colonies. The Indian assets of the American companies amount to 2 lakhs, those of the Continental companies to 32 lakhs, of the Japanese to 8 lakhs and of the Javanese to 1 thousand only. Out of this total amount of 49 crores, 43 crores represent Indian assets of companies which carry on life assurance business in India either solely or along with other insurance business. The Indian assets of these companies are shown on page 64. The Indian assets of other non-Indian companies are shown on pages 174-180.

Provident Insurance Societies.

25. In addition to the insurance companies which are subject to the provisions of the two Acts of 1912 and 1928, there are 528 societies which are registered under the Provident Insurance Societies Act, 1912 and transact mostly dividing insurance business. The remarks under the paragraph 'Dividing Insurance Business' are applicable to these societies also.

Very few of the existing provident societies are survivors of those which a quarter of a century ago numbered about 1,200. When the Provident Societies Act of 1912 was passed, the majority of these societies ceased to exist. Of the existing 528 societies, 285 are established in Bengal, 35 in the Bombay Presidency, 55 in the Madras Presidency, 79 in the Punjab and 24 in Sind, and the remaining societies are scattered over the other provinces of India.

J. H. THOMAS,

Superintendent of Insurance.

SIMLA;

The 22nd June, 1939.

LIST OF INDIAN INSURANCE COMPANIES.

N.B.—Names of companies which do not transact *life assurance* business are printed in *italics*.
